# Dreams are made of mosaics

(ENG)

Over 40 years making dreams come true around the world, delivering 100% recycled glass mosaic solutions that turn **swimming pools, interiors, wellness areas and spas** into stunning places.

(ENG)

Dedicated entirely to glass mosaic, **our technical expertise and manufacturing capabilities** allow us to create innovative solutions inspired by avant-garde design and produced to the **highest quality and standards.**

Our recycled glass mosaic tile is manufactured entirely at our facility in Lazkao, Spain. This allows us to be extremely demanding when it comes to achieving the best results, and totally **flexible in meeting our customers' needs.** Our unwavering commitment to design, together with our approach to technology and production, has positioned us as a **world leader in glass mosaic tile.**

# ezarri

## A story of evolution

(ENG)

We **specialise exclusively in recycled glass mosaic tile**, which is why we make it better than anyone else. It's a lifelong passion, a genuine devotion to craftsmanship based on conviction, care, dedication and quality that's hard to beat.

In 1982 we began our international journey, **exporting to more than 100 countries worldwide** and positioning ourselves as a premium brand in the global market. Backed by a team of experts, R+D+i and design departments, together with a production plant spanning over **10,000 square metres**, we can now oversee every stage of the process. This allows us to ensure the quality of the more than **8,000 square metres of mosaic tile** manufactured every day among our product range of over 300 types of mosaic.

Throughout our 40-year history we have maintained our determination and firm commitment to **continuous improvement and incorporating new technologies**. This experience allows us to **set our own rules**. Not only are we time-tested experts in glass mosaic, but also experts in delivering on every commitment.

# From Green to Dream

**100%** recycled glass  
renewable energy

(ENG)

Our product is aligned **100% with circular economy** and our production process based exclusively on **recycled glass** and **renewable energy**, thus protecting the environment and mitigating climate change. For over four decades we have been working sustainably with recycled window glass, driven by a steadfast commitment to quality and respect at every turn regarding products, raw materials, people and the environment.

100% recycled glass  
Over the 96% of the end product is from recycled glass

ISO 14021 Certification  
by Bureau Veritas

# Aquarelle Collection

(ENG)

Nature and water come together to create a spontaneous watercolour effect when the different colour tiles are submerged in water. **Soft**, anti-slip textures, evocative shapes and just the right amount of dazzle merge in a harmonious blend of chromatic **matte tones** to create a **relaxing feel**, both classic and contemporary. That is Aquarelle. A collection that inspires us to connect with nature in a thousand ways.

# From Dream to Real

(ENG)

The images are **arranged randomly** as they are applied on the mosaic, **creating an original composition** of unique shapes.

# JointPoint®

(ENG)

**“It’s not (only) the technology. It’s defining the exact point.”**

Pioneers in a unique, revolutionary and technologically advanced system since 1995. Developed by Ezarri, **JointPoint®** provides easy, uniform installation of mosaic tile on any surface.

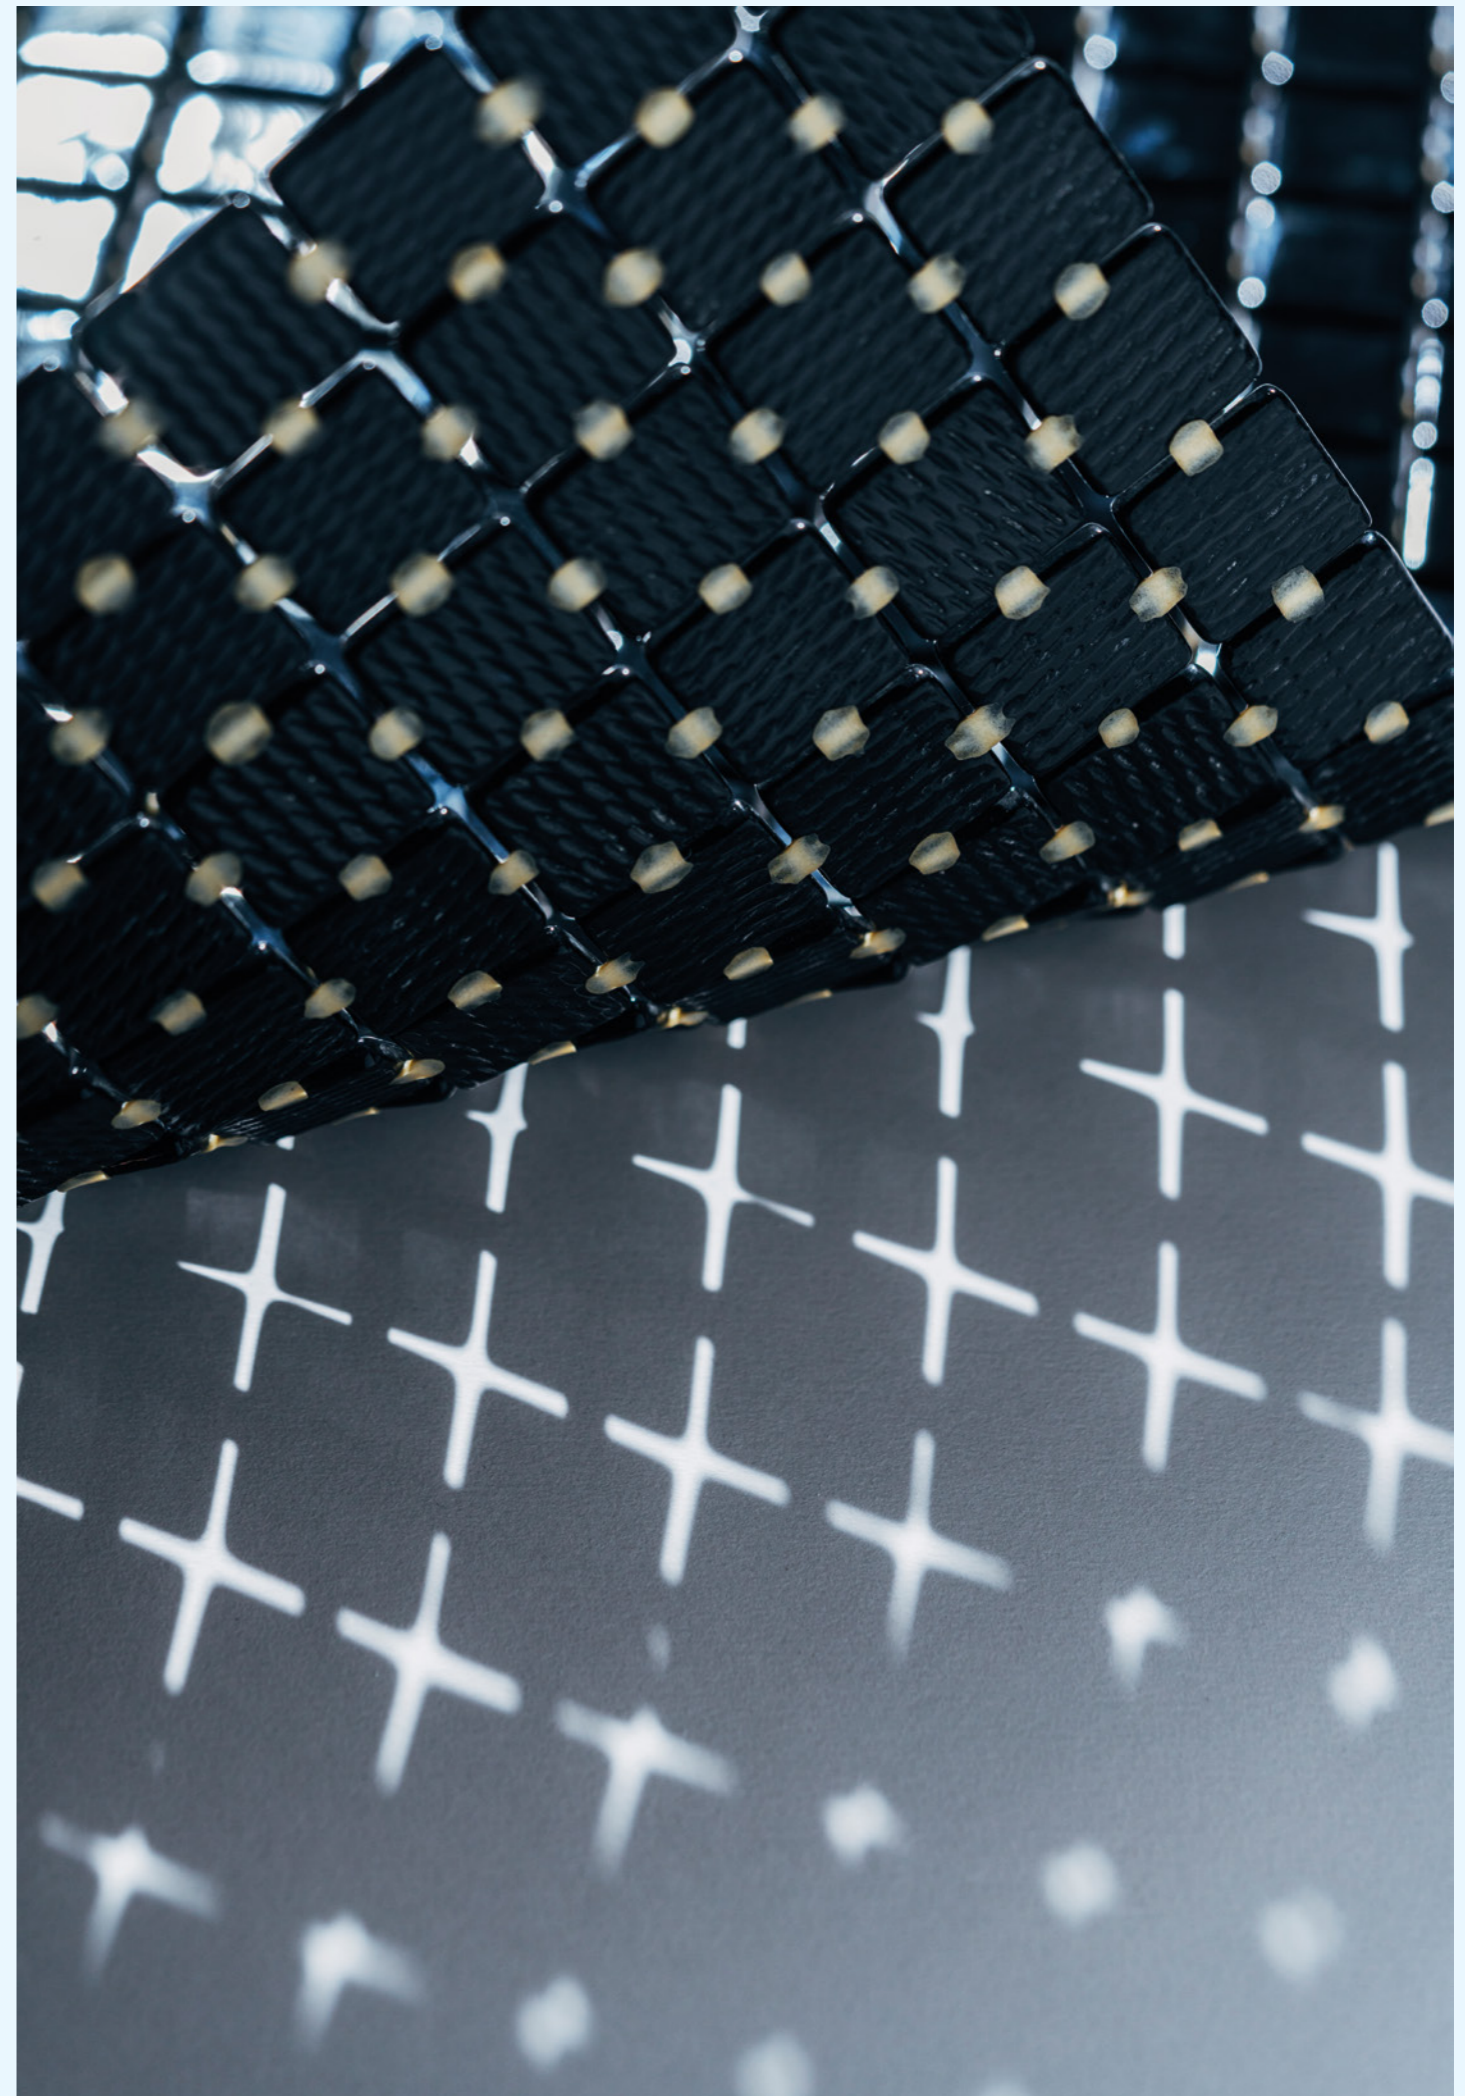

# A small uniform point rigorously controlled

Innovation, efficiency, performance and guarantee.

(ENG)

Technique is in our DNA. As expert manufacturers, we make the complex simple. Therein lies our unique competitive edge. Our **JointPoint®** system is a prime example of our commitment to technological precision and innovation.

JointPoint® leaves **92% of the mosaic surface** free for applying the adhesive, which means much greater durability. The unique composition of JointPoint® adapts to any curve or shape, ensuring **maximum flexibility and strength**. Working around obstacles is straightforward with the simple, easy-to-cut system. Its flexibility and adaptability make it extremely easy to install, **saving up to 25% of installation time** compared to paper-based systems. And since it is not affected by moisture, there is no expansion, shrinkage or breakage.

# Six reasons for choosing ezarri glass mosaic

## 1

### Customer service

We live up to our word. We provide our customers with serious, professional service to deliver the best possible solution and engage them in the experience.

## 3

### Customisation

Our mix generator allows you to create your own composition from our wide range of mosaic tiles. Or if you prefer, we can make a bespoke design for your project using our digital print system.

## 5

### Perfect for swimming pools

The almost zero water absorption rate and resistance to chemical corrosion help to keep Ezarri pools unaltered over time.

## 2

### Quality

Technology, style, performance and design come together in a product of uncompromising quality. The highest quality is also ensured throughout the production process, service, transparency, and the final result. Because for Ezarri, quality means respecting our product and our customers.

## 4

### Eco-friendly

Our origins are rooted in sustainability. 100% recycled glass and 100% renewable energy. 14021 Certification is our seal of approval.

## 6

### 24/48-hour delivery

We manufacture all our mosaics and we have 95% of our style references in our automated warehouse. This allows us to have orders ready in 24-48 hours from confirmation.
