THERE IS ONLY ONE ORIGINAL EZARRI MOSAIC TILE

Europe Imports would like to clarify that EZARRI Spain, the manufacturers of Ezarri Glass Mosaic tiles, produce only Ezarri mosaics and have never collaborated with other glass manufacturers to share the mosaics produced at the Ezarri factory. Europe Imports would also like to clarify that the JointPoint® backing system produced by Ezarri, is exclusive technology that has been developed wholly and solely for the use with Ezarri glass mosaics and no other company has access to this JointPoint® technology.

Place the grid over the backside of the correct sized mosaic tile to determine if the backing system meets the Australian standards for wet area application. The sheeting system (the system that joins the mosaic tiles together) can only occupy 10 squares total in the grid leaving 90 squares free, this is equal to 90% available adhesion area as a minimum requirement to comply with AS 3958.1-2007.

"ONLY TRUST THE
ORIGINAL
EZARRI TILES"

have you considered FULLY TILING YOUR POOL?

EZARRI vs BEAD FINISH

Most beaded interiors are quoted with the least amount of white or coloured bead content, which only offers lighter blue pools. By increasing coloured bead content to achieve a darker shaded pool.

THE PRICE THEN BECOMES
COMPARABLE TO A FULLY
TILED POOL.

Range: Iris
Tile Code: Ocean

*"Most people assume glass tiles will be too expensive...
...why not ask for a quotation, you may be very surprised"*

FULLY TILED BENEFITS

Ezarri 100% Glass Mosaic vs renders

- **MORE AESTHETICALLY PLEASING** - fully tiled pool gives a luxurious look and feel.
- **GLASS MOSAIC TILES ARE 100% EASIER TO CLEAN & MAINTAIN** - compared to a porous aggregate surface.
- **AVAILABLE IN 3 SIZES** - choice as to final dimensional look can be only achieved in tiles.
- **ROUNDED EDGES ON TILES** - gives a smooth and safe surface for swimming pleasure.
- **COLOUR WILL NOT FADE** - remaining colour rich throughout the life of the pool unlike bead.
- **LIFETIME GUARANTEE** - Ezarri offer a lifetime guarantee on aesthetics and durability.
- **ENDLESS COLOUR CHOICES** - can only be achieved using Ezarri glass mosaics.

COSTS CONTRAST

- **COSTS CAN BE EQUAL TO** - a small fully tiled Ezarri pool & spa at "entry level" pricing of mosaic can be equal to a small pool with spa in a bead type interior when you combine the cost of tiling the spa and waterline plus the bead type interior...Surprising isn't it! A small amount of money for pure luxury.
- **GLASS TILES WELL OUTLAST BEAD** - glass tiles will last the life of the pool, unlike bead finishes.
- **LESS CHEMICAL USAGE** - save money with a glass tile pool with less chemical use.
- **ADDED HEALTH BENEFITS** - as glass is pure and requiring less maintenance, pools are cleaner and not likely to cause health issues.

ADDED VALUE

- **MORE VALUE** - a fully tiled pool in Ezarri Glass Mosaics will definitely add more value to your home and to your lifestyle. They are the experienced tilers preferred choice of tile for pools.
